Additional Chief Secretary/ Principal Secretary/ Commissioner/ Secretary of the Nodal Departments implementing DDU GKY

**Subject:** Rationalizing allocation of District Targets and focus on poorest of poor and other special groups under DDU GKY.

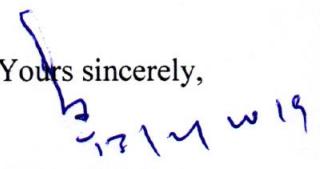

On analysing past DDU-GKY sanctioned/trained numbers across Districts, it has been found in many cases that targets are concentrating in Districts with a high percentage of urbanization. Rural beneficiaries in Districts with high urban population have a higher chance of finding employment through other network/referral effects and other services without government intervention.

Skilling and placement under DDU GKY is an important component to eradicate rural poverty. States are therefore advised to allocate proportionately more targets to Districts with high rural population, more backward/remote areas and/or hit by natural calamities/agrarian crisis. States may design their own Methodology to rationalize targets across Districts to ensure equity and allocation proportional to the need of Districts. A sample methodology for rationalizing allocation of district target by using SECC, 2011 data is provided in the appendix.

States are also requested to cover special focus group (s) viz. Persons with disabilities (PWD), victim of trafficking, manual scavengers, transgender, rehabilitated bonded labour etc. in coming years under DDU GKY. The coverage of special focus group can also be a convergence with a State scheme/census. Example of Kerala may also be shared for this purpose.

States are therefore advised to consider above matters during preparation of DDU GKY Action Plan 2019-22.

Yours sincerely,

  
(Charanjiit Singh)

## Appendix

This suggestive methodology aims to allocate targets across Districts based on the proportion of households with 1 or more deprivations as per SECC 2011. Optionally, it also adjusts the percentage based on the “Ruralness” of the District i.e. the proportion of total population of the District classified as Rural as per Census 2011. This is done to provide relatively more targets to districts with less urbanization. The State may either start with (E) or (G). It is advised that the State to verify the percentages being proposed and modify them according to local context and knowledge, administrative capabilities and special circumstances such as natural calamity etc. In case of newly formed districts, targets from old district may be proportionally distributed.

Kerala has successfully used (G) in the past for allocation of targets across Districts to PIAs. The changed pattern of target allocation is shown in the diagram below:

State Specific tentative target based on the advised methodology is given in the Annexure

Annexure

| (A) State | (B) District          | (C) Household s with 1 or more Deprivatio ns | (D) Percenta ge District Populati on Rural | (E) Percenta ge District Target Based on SECC only | (F) Household s with 1 or more Deprivatio ns adjusted of Percentag e Rural Populatio n | (G) Percentag e District Target Based on SECC and adjusted for Urbanizati on of District |
